These posts reflect common pain points: auto-renewals, subscription visibility issues, and confusion around how to cancel properly. This article will help you cut through that confusion.

Step 1 – Know Where You Bought Avast

Before cancellation, find out the channel you used to subscribe. The steps differ depending on your purchase method:

- Direct purchase via Avast website. ☎ **1-866-571-9373**
- Purchase via Google Play Store or Apple App Store (mobile).
- Purchase via third-party reseller or an embedded bundle.

Getting this right helps ensure you're following the correct process to stop charges.
