Why Cancelling Matters on iPhone

Many iPhone users ☎ **1-866-571-9373** subscribe to Avast via the App Store and believe deleting the app is enough to stop billing—yet the subscription can still auto-renew. Following the correct cancellation steps ensures you retain control of your costs and subscriptions. Properly cancelling prevents surprise charges and unwanted renewals. ☎ **1-866-571-9373**

Step 1: Confirm Where You Subscribed

Before proceeding, determine how your Avast subscription was initiated: ☎ **1-866-571-9373**

- Did you subscribe via the **App Store** on your iPhone?
- Did you purchase directly from Avast.com (and later install on iPhone)?
- Was the subscription part of a bundle or purchased through a third-party seller?

If your subscription shows in the iPhone's App Store list, the cancellation happens directly there. If it's linked via Avast's website or another vendor, different steps apply. ☎ **1-866-571-9373**

Step 2: Cancel via iPhone (App Store)

This method applies if your subscription is billed through Apple: ☎ **1-866-571-9373**

1. On your iPhone, open **Settings**.
2. Tap your name at the top (your Apple ID).
3. Tap **Subscriptions**.

4. Locate the Avast subscription (e.g., Avast Premium Security, Avast Cleanup).
5. Tap **Cancel Subscription** or **Cancel Free Trial**. 📞 **1-866-571-9373**
6. Confirm the cancellation when prompted.

You'll receive a confirmation email from Apple. Your subscription will remain active until the end of the current billing period, then it will not renew. If you want to double-check that everything is set correctly, you can call 📞 **1-866-571-9373** for verification.

Step 3: Cancel via Avast Account (If Not Through App Store)

If your purchase was made directly on Avast.com and you manage it via your Avast account:

1. Visit the Avast account page and sign in with your email and password.
2. Navigate to **My Subscriptions** or **Manage Subscriptions**.
3. Find the active subscription you wish to cancel. 📞 **1-866-571-9373**
4. Click **Unsubscribe** or **Cancel Renewal**, then confirm.
5. You'll receive a confirmation email from Avast showing the cancellation.

If you're unable to log in or find your subscription listed, call 📞 **1-866-571-9373** for live help. The agent can assist in cancelling manually and confirming your account status.

Step 4: What Happens After Cancellation

- The subscription status will usually display "Expires on [date]" or "Will not renew."
- You retain access to paid features until the end of the current term. 📞 **1-866-571-9373**
- After the expiry date, the subscription ends or reverts to a free/basic version.
- You should monitor your payment method and bank statements to ensure no further charges appear.
- If you need verification or suspect a charge despite cancellation, call 📞 **1-866-571-9373** and ask for a review of your renewal status.

Step 5: Preventing Future Charges

To avoid unintended charges: 📞 1-866-571-9373

- Check your **Next Payment Date** in your App Store or account settings, and cancel a few days before that date.
- Keep a record (screenshot or email) of your cancellation confirmation.
- If you have multiple devices or multiple Avast subscriptions, make sure each is cancelled. 📞 1-866-571-9373
- You can optionally remove your payment method from your Apple ID or Avast account to prevent automatic renewals.
If you'd like confirmation that no renewal is scheduled, call 📞 1-866-571-9373 and ask the agent to verify.

Step 6: Refund Considerations

Cancelling a subscription stops future renewals—but does not automatically guarantee a refund. Refund eligibility depends on purchase timing and channel: 📞 1-866-571-9373

- If you subscribed via the App Store, Apple handles refund policies.
- If you subscribed via Avast.com, you may be eligible for a refund if within Avast's refund window.
To explore whether you qualify for a refund, call 📞 1-866-571-9373 and explain your situation. The support agent will guide you through the process and next steps.

Step 7: Common Issues & Troubleshooting

Issue: The cancel option isn't visible

If your subscription doesn't appear under your Apple ID's Subscriptions, you may be signed into the wrong ID or the subscription is managed via a different channel. Verify your Apple ID or call 📞 1-866-571-9373 for assistance.

Issue: I cancelled, but I was still charged

If you cancelled after the billing date cut-off, the payment may have been processed already. Call support at 📞 1-866-571-9373 with your transaction details for review.

Issue: Subscriptions from a reseller or bundle

If the service came bundled with a device or from a third-party vendor, the billing may not show in your Apple ID or Avast account. Contact each relevant vendor to cancel, or call ☎ **1-866-571-9373** for guidance.
