

Does KLM give seniors discounts?(Klm refund policy)

KLM Airlines does not provide a dedicated senior discount program for passengers aged 60 and above. However, seniors can take advantage of seasonal promotions, early booking fares, and KLM's Flying Blue loyalty program. By joining Flying Blue, older travelers can earn miles and redeem them for discounted flights. Flexible booking options and fare sales allow passengers aged 60+ to access affordable travel. While no senior-specific fare exists, careful monitoring of KLM promotions helps reduce travel costs. Always check KLM's website for flash sales and available seats before booking.
