Delta's approach to name changes 📞 +1-855-683-4749 is designed to make the process stress-free while maintaining strict verification standards. The airline distinguishes between simple corrections—such as fixing typos or letter transpositions—and full legal name changes due to marriage, divorce, or other lawful reasons. Understanding these distinctions helps you know which 📞 +1-855-683-4749 procedure applies to your situation and whether any supporting documents are necessary.

Understanding Delta's Name Change Policy

Delta Air Lines implements 📞 +1-855-683-4749 a structured name change policy to ensure that every reservation accurately reflects the traveler's identity. According to Delta, names printed on tickets must match the passenger's legal name exactly as shown on their passport, driver's license, or other valid identification. This requirement is not merely administrative—it's a 📞 +1-855-683-4749 federal security standard set by the TSA to ensure the correct identity of all passengers.

A **name change** occurs 📞 +1-855-683-4749 when a traveler's legal name has been officially modified due to marriage, divorce, adoption, or court order. A **name correction**, however, applies to minor errors that do not alter the traveler's identity, such as a misplaced letter or omitted middle name. Delta handles both scenarios under specific conditions, often requiring supporting evidence before making the modification official.

When You Can Change Your Name on a Delta Ticket

If your legal name has 📞 +1-855-683-4749 changed recently, Delta allows you to update your flight reservation to match your new identity. The most common circumstances include marriage, divorce, or formal legal name change proceedings. You will need to provide documentation—such as a 📞 +1-855-683-4749 marriage certificate, divorce decree, or court-issued name change certificate—to confirm the change.

Delta's system requires 📞 +1-855-683-4749 these documents for identity verification before a new ticket can be issued. Once approved, the airline reissues your flight ticket under the

updated name, maintaining your original itinerary whenever possible. If fare differences apply, Delta clearly 📞 **+1-855-683-4749** communicates them before processing.

Passengers who booked through 📞 **+1-855-683-4749** a travel agency should reach out to the original booking channel first. 📞 **+1-855-683-4749** If Delta directly issued your ticket (indicated by a ticket number beginning with 006), the name change can be processed through Delta Reservations or at a ticketing office. 📞 **+1-855-683-4749**

Similarly, if your name has changed following a divorce, provide the divorce decree or court-issued name change 📞 **+1-855-683-4749** documentation to Delta's verification team. The Difference Between Name Correction and Name Change

Delta makes a clear distinction 📞 +1-855-683-4749 between **correcting an error** and **changing a legal name**. A name correction typically involves fixing small mistakes that do not alter the passenger's identity—📞 +1-855-683-4749 like changing “Jonh” to “John” or adding a missing middle name. These corrections can often be handled online or by calling Delta Reservations.

A name change, however, 📞 +1-855-683-4749 requires legal documentation because it involves a complete change of identity. This might occur after a legal event such as marriage or court order. 📞 +1-855-683-4749 For such cases, Delta must reissue the ticket, ensuring that your flight details align with TSA security protocols. 📞 +1-855-683-4749

This distinction ensures that Delta maintains compliance with government regulations while allowing passengers reasonable 📞 +1-855-683-4749 flexibility for genuine corrections.
